

ANTI-DANDRUFF SERUM

Formulated with special complex ingredients in order to effectively combat dandruff. ALPHACOMPLETE HAIR is a natural product, capable of control fungal microorganisms, irritation, inflammation and excessive oiliness in order to clean and release the follicles so that dandruff is eliminated. The antibacterial and antifungal action of ALPHACOMPLETE HAIR leads to the interruption of the manifestation of capillary disorders. To complete the effectiveness for the hair protection, GREEN BEHENIC, a free-palm surfactant from pracaxi oil, brings natural substantivity to the hair, providing combing improvement & conditioning action.

Phase	Ingredient	% w/w
A	Water	Up to 100%
A	Disodium EDTA	0.10
A	Glycerin	1
A	Green Behenic Behenamidopropyl Dimethylamine	1
B	Latic Acid 90%	How enough
C	Cetrimonium Chloride	2.5
C	Behentrimonium Methosulfate (and) Cetearyl Alcohol	1.5
C	Cetearyl Alcohol	7
C	AlphaComplete Hair (Bisabolol, Melaleuca alternifolia leaf oil)	1.5
C	Antioxidant	How enough
D	Citric Acid	pH 4,5-5,5
E	Preservative	How enough
E	Fragrance	How enough

Procedure:

Mix all the ingredients of phase A under heating (70-80°C)

Add phase B until complete homogenization of the surfactant

Mix the components of phase C under heating (70-80°C)

Add phase C to phase A/B under stirring and heating. After homogeneous, stop heating

If necessary, correct the pH with phase D

Add phase E and homogenize

How to use:

Apply to the scalp, make light movements massaging the scalp, wait as long as necessary and wash.
