

Happy Curls Conditioning Cream

For accentuating curly hair & easy combing

This cream is used in small amounts and kneaded into the wet hair. Natural curls are accentuated, the hair looks healthy and curls get more structure.

The natural conditioning action by Evicare® silk is the perfect foundation for soft hair care oils like Argan and Coconut.

Phase	Tradename	INCI Name	COSMOS	Percentage
A	-	Aqua	Yes	51.6 %
A	Glycerin ⁽¹⁾	Glycerin	Yes	5.0 %
A	Evicide® levanise	Sodium Levulinate, Sodium Anisate, Glycerin, Aqua	Yes	4.0 %
A	Evicare® G 5 eco	Pentylene Glycol	Yes	2.5 %
A	Evicare® aquatex 14	Xanthan Gum	Yes	0.4 %
A	BIO Aloe Vera Extract ⁽²⁾	Aloe Vera	Yes	0.2 %
B	Shea Butter ⁽³⁾	Butyrospermum Parkii Butter	Yes	10.0 %
B	Argan Oil ⁽³⁾	Argania Spinosa Kernel Oil	Yes	3.0 %
B	Miglyol® Coco 810 ⁽⁴⁾	Coco Caprylate/Caprates	Yes	3.0 %
B	Evicare® GSC	Glyceryl Stearate Citrate	Yes	2.5 %

B	Evicare® PGPR	Polyglyceryl-3 Polyricinoleate	Yes	1.0 %
B	Evicide® GB	Glyceryl Behenate	Yes	0.5 %
B	Evicare® toco sun	Tocopherol	Yes	0.2 %
C	Citric Acid (10 % Solution)	Aqua, Citric Acid	Yes	q.s.

* Supplier: ⁽¹⁾ Cremer Oleo GmbH, ⁽²⁾ Dragonspice Naturwaren, ⁽³⁾ Gustav Heess GmbH, ⁽⁴⁾ IOI Oleo GmbH

Manufacturing procedure:

Mix components of phase A under stirring and homogenize briefly to ensure a good distribution of the Xanthan Gum. Heat the mixture to 70°C.

Mix all components of phase B under stirring and heat to 70°C for melting the solid components and stir until a clear, homogenous solution is obtained.

Phase B is added slowly into phase A under homogenizing with Ultra Thurrax at 12.000 rpm for 2 minutes. The resulting cream is cooled to room temperature while slowly stirring with a mechanical stirrer. Adjust the pH value gradually to 4.6 with Phase C.
