INFINITY INGREDIENTS LTD. NOTIFICATION

EVONIK DR STRAETMANS DISTRIBUTION IN THE UK AND IRELAND

Dear Valued Customer,

We are writing to inform you of an important structural change in the distribution of dr.straetmans® products in the UK and Ireland.

For many years, dr. Straetmans GmbH and Infinity Ingredients Ltd. have shared a successful distribution cooperation in the UK and Ireland. However, after the acquisition of dr. Straetmans GmbH by Evonik Nutrition & Care GmbH in May 2017, Evonik dr. Straetmans GmbH have been reviewing its global distribution networks and decided to align those in the UK and Ireland with the structure of Evonik's Care Solutions business line. As a result, starting from **April 1st 2020**, Surfachem Group Ltd. will become the exclusive distribution partner for all dr.straetmans® product protection products here in the UK and Ireland with Infinity Ingredients Ltd. ceasing all activities as of March 31st 2020.

It is with great sadness for me personally that Infinity Ingredients will no longer be representing Evonik dr. Straetmans GmbH here in the UK. We finish our collaboration in the same way as we started it as friends, and from our perspective, safe in the knowledge that we built a highly successful business for them over the past seven years or so.

As a result of this change, please can I ask you to place your orders from **April 1st 2020** at the following address or contact your responsible Evonik sales manager in case you are a direct account:

Surfachem Group Ltd., 2nd Floor, 2 The Embankment Sovereign Street Leeds, West Yorkshire, LSI 4BA United Kingdom, www.surfachem.com, info@surfachem.com, Tel: +44 (0) 113 3949200

Many thanks for your help and cooperation in this transition, and please do not hesitate to contact us for any assistance during this period of change.

Yours sincerely,

Dr. Andrew Goodwin
Managing Director
