Hot Nights Lubricant

This natural lubricant thickened with our transparent Xanthan Gum Evicare® aquatex 80 has a pleasant flow structure and, thanks to the addition of Evicare® hyaluron L, it also provides a certain amount of moisturization.

As soon as the gel is applied to the skin, you can feel the increased blood circulation and warming effect caused by the addition of Evicare® heat eco in a matter of seconds.

Due to the carefully chosen raw materials such as Evicare® PGPR and Evicare® silk, the lipstick has a nourishing and long-lasting effect on the lips.

It can also be applied smoothly because of Evicare® emolight and after a few seconds there is a slight tingling sensation, which is caused by Evicare® heat eco, which also provides the plumping effect on the lips.
