# Olifeel® Emulsifiers

## Description:

100% natural W/O and O/W emulsifiers

### ✓ Olifeel®: technological partnership & sharing of ethics, philosophy and values

**BACK TO THE SOUL OF THE PRODUCT.** From Italian expertise of farming and use of olive, pillar of Mediterranean culture and tradition, towards today's and future cosmetic innovation.

Coming from non-edible sources of the food supply chain and produced by using only soft mechanical processes, Olifeel® promotes the Nature's benefits, aiming for Eco-sustainability. Olifeel® Emulsifiers are the innovative 100% natural O/W and W/O emulsifier, resulting from 100% green technology.

They are the performing functional ingredients, that combine all the precious characteristics of olive oil with exceptional cosmetic functions.

They allow the easy formulation of stable emulsions, characterized by pleasant skin feel.
